

## ConnectONE Change Request

May 21, 2024

### Change Font Size

---

If possible...could you make the font size on /portal (ConnectONE) at this screen the same font size that you did on /theo (THEO II)?

For reference, this is the font size the user sees on ConnectONE (DEV)... (small)

Template Name: AWV THEO II

Template Items

Vital Signs

Weight (pounds)  
☒ 222  
\* Real Number eg:99.99

Height (inches)  
☒ 62  
\* Real Number eg:99.99

Blood Pressure

Systolic  
☒ 112  
\* Integer, max length 3, eg:123

Diastolic  
☒ 92

...and this is the font size the user sees on THEO II (DEV). As you can see, for an older person, this is a much easier font size to work with.
